Lakeview provides a sophisticated backdrop and atmosphere for special occasions. This is one of Chicago's most elegant yet comfortable settings. accommodations

Showcasing the highest hotel rooms in the city, Four Seasons Hotel Chicago offers 345 newly renovated rooms and suites. The Hotel's new rooms mimic the blues of Lake Michigan with deep blue-washed walls and custom-designed carpeting. Adorning the walls are new art pieces exclusively from Chicago artists.

dining

Allium Restaurant & Bar, led by Executive Chef Sean Murray, has frequently been named one of the top dining destinations in the Gold Coast. Start with fan favorites such as lobster nachos and a Chicago Dog with house-made everything and indulge in main courses such as Italian sausage–stuffed chicken leg with kale polenta. Guests will find many seafood dishes that reflect Chef Murray’s time living on the coasts of Central America and the Pacific Northwest. Allium Bar, which offers creative cocktails and gourmet bites, is an intimate gathering place and a favorite of locals and visitors alike.

spa & fitness

At 8,000 square feet, the Hotel's spa is an urban oasis with a 50-foot indoor pool, steam rooms, a whirlpool and a 24-hour fitness center. The Spa showcases locally inspired treatments that reflect Lake Michigan and Chicago: Lake Stone Massage, Gold Coast Ultimate Secret Facial and Lake Shore Hydrating Facial. The Spa also unveiled several new treatments for men, such as the Magnificent Male Facial and Bourbon Hand & Foot Detailing.
